## Reporting Xpress Streamlines Endowment Reporting for the World Leader in Deaf Education

*"Reporting Xpress has significantly reduced the amount of time our staff needs to complete our annual reports. Their customer service was first-rate and the turnaround time to get our reports ready to run was minimal. The finished product looks terrific!"*

Director of Advancement Operations

### Challenge

Producing individual donor reports was a strenuous and time consuming process that required them to edit each individual donor report. This included building the following information for each and every individual recipient:

- Donor Address info
- Which Funds / Fund names
- Financial Information
- Scholarship Recipients / Biographies

### Solution

Reporting Xpress' cloud-based software automatically generates each recipient's report populated with their funds data in Gallaudet's customized format. The advancement team can then further personalize individual reports if desired.

### Results

Time Saved

- 75% reduction in time spent creating and personalizing reports from 20 minutes to under 5 minutes per report.
- 75% reduction in time spent on the entire process from 6 months to under 2 months.
